- Tuesday between 4:00 p.m. and 6:00 p.m.
- Wednesday between 4:00 p.m. and 6:00 p.m.

Being a CSA member also means that you share in the risk that the farmer takes. Occasionally a crop may fail or there may be few of a certain product. Your share allows you equal access to what the farmer has available.

When you order, it is important for you to pick up. If you fail to pick up, your account is still charged for the harvest. We will hold your share for you for one day after which we will sell or compost the produce.

We do not offer a refund, if the membership does not work out you have the option to sell your share to someone who wants to have fresh food in their daily diet or donate your share to the Healthy Share described above.
